Re: Sequencing of Resolutions

Village Clerk Ingle,
Recently you discovered that the resolution numbers were out of sequence. The reason they fell out of sequence was due to two resolutions being adopted at the June 2, 2020 Village Board meeting as a result of action arising from a closed session that was held at that Meeting. Legal counsel (Chris Geary) was consulted, and he said that we can just renumber the resolutions correctly (hand write the correction on them) and place correspondence in the file as to why this was done. This memo can serve as that correspondence and I have listed out each resolution below with the number that was assigned for the board meeting and then the correct resolution number next to it. This will formally memorialize it.

Thanks,
