## ADDED VERSATILITY WITH A SMALLER PROFILE — POWERFUL PLATFORM

The Falcon 3100 powers your security, network and communications technologies. It's smaller size, when compared to the original Commander 3400 system, makes it perfect for rapid or temporary deployment applications. Even with a reduced foot print, this system is still rugged for long-term, day-to-day use in the field. Ideal for law enforcement, crowd control, military, emergency management, transportation/DOTs, education, mining, construction, and more.

### KEY FEATURES

- **Fast Setup & Simple Operation**  
Pre-wired mast, equipment racking, proprietary Quick Install™ hardware system and tool-less deployment.
- **Extreme Stability**  
The vibration-proof mast and outriggers are built to withstand the elements. Plus, the unique mast stabilization system features adjustable levelers.
- **Highly Configurable**  
Get automatic operation status with innovative MP Status Technology remote control.
- **Long Deployment**  
Capable of operation for weeks between refueling.
