Total Light Control – TLC for LED™ technology

System Description – Light-Structure System™ complete from foundation to poletop in 5 Easy Pieces™

Factory built, wired, aimed, and tested lighting system includes:

- Pre-cast concrete bases
- Galvanized steel poles
- Remote electrical component enclosures
- Pole length wire harnesses
- Factory aimed and assembled luminaires, including BallTracker® technology
- UL listed as a complete system

On Field Performance – control to benefit players and fans

- Control-Link® control and monitoring system for remote on/off control, dimming (high/med/low), and monitoring with 24/7 customer support.

Always Ready to Play – control assuring the results you expect

- Product assurance and warranty program that includes materials and onsite labor, eliminating 100% of your maintenance costs for 25 years.

Notes

Estimate is based on:

- Shipment of entire project together to one location.
- Voltage and phase of electrical system required.
- Structural code and wind speed = 2015 IBC, 115 mph, and exposure: C, Importance Factor 1.0.
- Owner is responsible for getting electrical power to the site, coordination with the utility, and any power company fees
- Standard soil conditions – rock, bottomless, wet, or unsuitable soil may require additional engineering, special installation methods and additional cost.
- Confirmation of pole locations prior to production.

Thank you for considering our Team for your sports lighting needs. Please contact me with any questions.
